Amharic (Native), English (Intermediate)

Dear Hiring Manager,

I am writing to express my interest in an entry-level IT or Software Development position within your organization in Dubai.

I am currently a Software Engineering student at Injibara University, Ethiopia, with practical experience in web development using JavaScript, Node.js, Express, and MySQL. I have developed projects such as a Hotel Booking System and a Simple Calculator, which have strengthened my ability to design, build, and manage applications.

I am highly motivated to start my professional career in a dynamic international environment like Dubai, where I can contribute my skills while continuing to learn and grow. I am a fast learner, adaptable, and committed to delivering quality work.

I am open to relocation and available to join immediately. I would welcome the opportunity to discuss how my skills and passion align with your organization's needs.

Thank you for your time and consideration.

Sincerely,
Temare Gudie
